

# DepHyze 2-Part Solution

## Did You Know...

- It's tough enough to destroy anthrax for the military, yet safer than household bleach.
- Kills 99.99999% bacteria, viruses, spores, molds, and fungus.
- After breaking down and neutralizing mold spores, it creates a barrier on the surface that prevents organisms from growing back.
- DepHyze Carpet Cleaner is also the only safe, non-toxic, EPA-approved product that permanently kills mold.

## DepHyze Kills

- Influenza A & B
- E. Coli as well as other "Gram Negative" Bugs
- Hepatitis A, B, C
- MRSA, VRE,
- Numerous Odors Including MVOC's
- MOLD, MOLD SPORES, and MYCOTOXINS!
- Norovirus (Norwalk)
- Murine Noro virus
- Clostridium Dificile

Carpet Cleaner
